SIGNS OF THE TIMES !

The bible is the *only* “*holy book*” which actually contains prophecies genuinely fulfilled hundreds of years later! By far the most significant and dramatic of these in the last 1,850 years is the **re-birth of the nation of Israel**. In 650 B.C. Amos (9:14,15) prophesied...

“I will bring my exiled people of Israel back from distant lands, and they will rebuild their ruined cities and live in them again. They will plant vineyards and gardens; they will eat their crops and drink their wine. I will firmly plant them there in the land I have given them, says the Lord your God. **Then they will never be uprooted again.**”

Reproduced below is a 50 shekel note, the standard Israeli currency. Why not cut it out and use it like a bookmark in your bible. Then, the next time someone calls into question the divine authorship of the scriptures, *show it to them. It represents proof positive that the bible is the inspired word of the living God!*

On May 14th, Israel will celebrate its 60th anniversary! Look up, saints, for Jesus promised that the generation that witnessed **Israel's** return would also witness **HIS!**
